I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My compounded prescription, carefully monitored by my physician, has alleviated my symptoms of menopause. To change now would be a great problem. Do not change for change! My compounded prescription is delivered by mail and is also a convenience as I do not have to worry about running out as it arrives on time. Please defeat this proposal.
